

# Analytical Proceedings

**Published by  
The Royal Society of Chemistry**

## **CONTENTS**

- 1    ESTA 2**
- 2    Summaries of Papers**
  - 2    'Reference Materials'**
  - 22   'Derivative Spectroscopy and its  
     Applications in Analysis'**
- 45   Water Research Centre Technical  
     Reports**
- 46   Equipment News**
- 50   Analytical Chemistry Trust Fund**
- 51   Obituary**
- 51   Publications Received**
- 53   Meetings**
- 53   Course**
- 54   Analytical Division Diary**

**ROYAL SOCIETY OF CHEMISTRY**  
**ANALYTICAL DIVISION: ELECTROANALYTICAL GROUP**  
**FARADAY DIVISION: ELECTROCHEMISTRY GROUP**

A meeting on

**ELECTROCHEMICAL MEASUREMENT OF  
DISSOLVED OXYGEN**

to be held at

**Imperial College, London**

on

**February 10th, 1982**

The contributors to this meeting will include Dr. M. L. Hitchman (Salford University), Professor W. J. Albery (Imperial College), Mr. A. E. Hey (Severn Trent Water Authority), Mr. J. Gyllenspetz (CEGB, Harrogate), Dr. D. Parker (University College Hospital) and Dr. J. V. Dobson (Newcastle University).

For further details contact Mr. A. E. Bottom, Kent Industrial Instruments Limited, EIL Analytical Instruments, Hanworth Lane, Chertsey, Surrey, KT16 9LF.

**ROYAL SOCIETY OF CHEMISTRY**  
**THE SUPPLY AND TRAINING OF  
ANALYTICAL CHEMISTS**

at

**The University of Essex,  
Wednesday, March 24th, 1982, 10.30 a.m.**

This Symposium is organised jointly by the Eastern Regions of the Industrial and Education Divisions, Education and Training Group and Analytical Division of The Royal Society of Chemistry and the Association for Science Education.

The speakers will be Dr. E. J. Newman ("Training of Analysts for the Chemical Industry"), L. W. Cummings ("Training of Analysts for the Pharmaceutical Industry"), Dr. J. F. Tyson ("Is There a Shortage of Analytical Chemists?"), M. Berry ("School Chemistry"), Dr. G. Mitchell ("Industrial Links and TEC"), Dr. J. G. Pritchard ("Seventeen Years on the MSc"), Speaker from Essex University ("Undergraduate Chemistry in Universities") and Dr. A. Townshend ("Establishing a Course in Analytical Chemistry").

For further details contact Dr. J. F. Tyson, Department of Chemistry, University of Technology, Loughborough, Leicestershire, LE11 3TU.
